# Sustainability Reporting

Sustainable Future Starts Here

Elevate your business with Peterson Projects & Solutions, your strategic partner in sustainability excellence! In a world where stakeholders demand more, we go beyond consulting to transform your sustainability vision into impactful action. Navigate seamlessly with global standards like GRI, TCFD, and SASB, and adopt influential frameworks such as CDP, IFC, and more. Our end-to-end service ensures your business not only complies but thrives sustainably, contributing proudly to the UN's SDGs. Ready to redefine sustainability leadership? Join us on the transformative journey of sustainable excellence! Our service includes:

- 1 Understanding your supply chain
- 2 Build your strategy
- 3 Stakeholders identification
- 4 Materiality assessment
- 5 Standard and scheme implementation
- 6 Designing KPIs and implementing dashboard
- 7 Designing, copywriting, editing and producing report

**Benefits:**

- 

**Cut Cost**  
Adhering to environmental and social regulations, alongside efforts to mitigate the impact of climate change, can lead to cost reduction and significant savings for your organization.
- 

**Increase Access to Capital**  
Enhancing internal governance and achieving a higher sustainability ranking can facilitate access to financial capital for your company.
- 

**Risk Reduction**  
Comprehending your operations strategically aids in mitigating environmental, social, and financial risks.
- 

**Better Reputation**  
Transparency stands out as a crucial element that companies identify as instrumental in fostering trust among their stakeholders.
- 

**Improve Efficiency**  
Engaging in the process of gathering information will enable your organization to make informed decisions and operate with increased efficiency.
- 

**Innovation Opportunity**  
Exploring both areas of excellence and opportunities for improvement can serve as a catalyst for innovation.
- 

**Increase Stakeholder's Communication and Trust**  
Granting stakeholders access to communication and fostering transparency is essential to demonstrate the sustainability of operations.
- 

**Regulatory Compliance**  
Exploring both areas of excellence and opportunities for improvement can serve as a catalyst for innovation specifically, following the regulations of Indonesia, OJK 51/2017 and SEOJK 16/2021.
- 

**Avoid Greenwashing**  
Our expertise ensures your sustainability reports reflect the true essence of your business strategy and current on-the-ground conditions to provide accurate and transparent data!

# Our Completed Project

## 1º RELATÓRIO de Sustentabilidade GMT 2020

### Relatório de Sustentabilidade 2020

Este é o primeiro Relatório Anual de Sustentabilidade produzido pelo Grupo Montessoro Tavares. Ele traz as principais iniciativas e o desempenho financeiro da empresa no período de 1º de janeiro a 31 de dezembro de 2020, bem como as perspectivas para o ano de 2021 e os principais metas e projetos de médio e longo prazos. Comentários, dúvidas e sugestões sobre o relatório podem ser enviados para o e-mail [ca@montessorotavares.com.br](mailto:ca@montessorotavares.com.br).

# what is

Projects & Solutions

Projects & Solutions is Peterson's advisory division offering practical and hands-on approaches to address your company's challenges. We aid businesses in **ensuring ESG (Environmental, Social, Governance) compliance by defining sustainable policies, reducing environmental impact, and aligning with ESG standards.** Our expertise spans diverse sectors, including agriculture, energy, manufacturing, forestry, biomass, biofuels, and textiles.

*"Our core mission is to support clients in achieving their sustainability objectives."*

At Peterson Projects & Solutions, we focus on helping you **transform your sustainability vision into actionable goals** and a robust strategy. Additionally, we specialise in **mitigating negative business impacts on the economy, society, and environment.** This approach aligns with your company's commitment to the United Nations' Sustainable Development Goals (SDGs).

We work collaboratively to minimise the adverse effects of your operations on the economy, society, and environment while enhancing your contributions to ESG principles. With a **global presence in over 70 countries**, we encourage you to contact Peterson today to explore our assistance.
